THE WATER-ENERGY-FOOD NEXUS: BUILDING RESILIENCE TO GLOBAL CHALLENGES

Partner Event

From Chalkboards to Climate Action:

Embedding CSA in Uganda's
Agriculture Curriculum

THE CHALLENGE

Climate change threatens
Uganda's food, water, and
energy nexus

OUR APPROACH

Curriculum audit

Stakeholder
engagement

CSA learning
outcomes design

THE SOLUTION

Competency-based
CSA modules

Teacher training
plan

Teacher
training
plan

Practical
implementtation
examples

60%
CSAcopts
embedded in
60% of units

NEXT STEPS

National scale-up

Monitor and evaluate
student outcomes
